of appointments spend at least five years in their positions.

50%

of candidates are women or people of color.

60%

of our business comes from repeat clients.

# Higher Education Is Our Only Business

AGB Search is the only firm that specializes in all aspects of executive search exclusively for higher education institutions. Founded by the Association of Governing Boards of Universities and Colleges (AGB) in 2010, we have unparalleled insight into the qualifications crucial for effective higher education leadership.

## Meeting All Your Search Needs.

### Executive Search

AGB Search works with institutions to develop a thorough understanding of their needs and culture, which is critical in identifying the best pool of leadership candidates. Our proven process and commitment to success make us the right partner for our clients. And we offer transition assistance for new presidents to establish a solid foundation for long-term success.

### Compensation Evaluation Service

Our Compensation Evaluation Service (CES) assists boards and presidents in determining fair, competitive levels of compensation for top leadership positions. CES, a partnership with CUPA-HR, provides clients with guidance on selecting defensible peer and aspirant groups and best-in-class data on salaries and benefits.

### Interim Search

AGB Search is higher education's most trusted source for highly qualified interim cabinet-level leaders. We are flexible in adapting to your needs and processes, and we can accommodate any timetable.

## Broad-ranging.

Presidents/Chancellors • Provosts • Vice Presidents • CFOs • Deans • Campus, System & Coordinating Board CEOs • Institutionally-Related Foundation CEOs & Chief Advancement Officers.

## Practiced.

40+ expert consultants.

## A Team You Can Trust.

AGB Search consultants have extensive experience in higher education search, and many have served in leadership positions. We have a team of research associates who expertly manage the search and vetting process. And our staff serves as critical support to the search professionals. Our track record provides institutional search teams with the confidence that their search will be a success.

To ensure we provide the most effective services possible, we partner with our founder AGB, as well as other industry leaders.

## Cultivating Leaders. Advancing Leadership.

AGB Search is committed to making a positive impact on the higher education industry, including sharing our knowledge and expertise with current and future leaders. We offer resources designed to enhance knowledge and skills to successfully lead in the 21<sup>st</sup> century.

### Leading by Inclusion

We emphasize the inclusion of diverse and nontraditional candidates in our searches. That consideration not only gives search teams the choices they need to make good decisions, but it also gives assurance that they will select the best leader for an increasingly diverse constituency.

### AGB Search Leadership Development

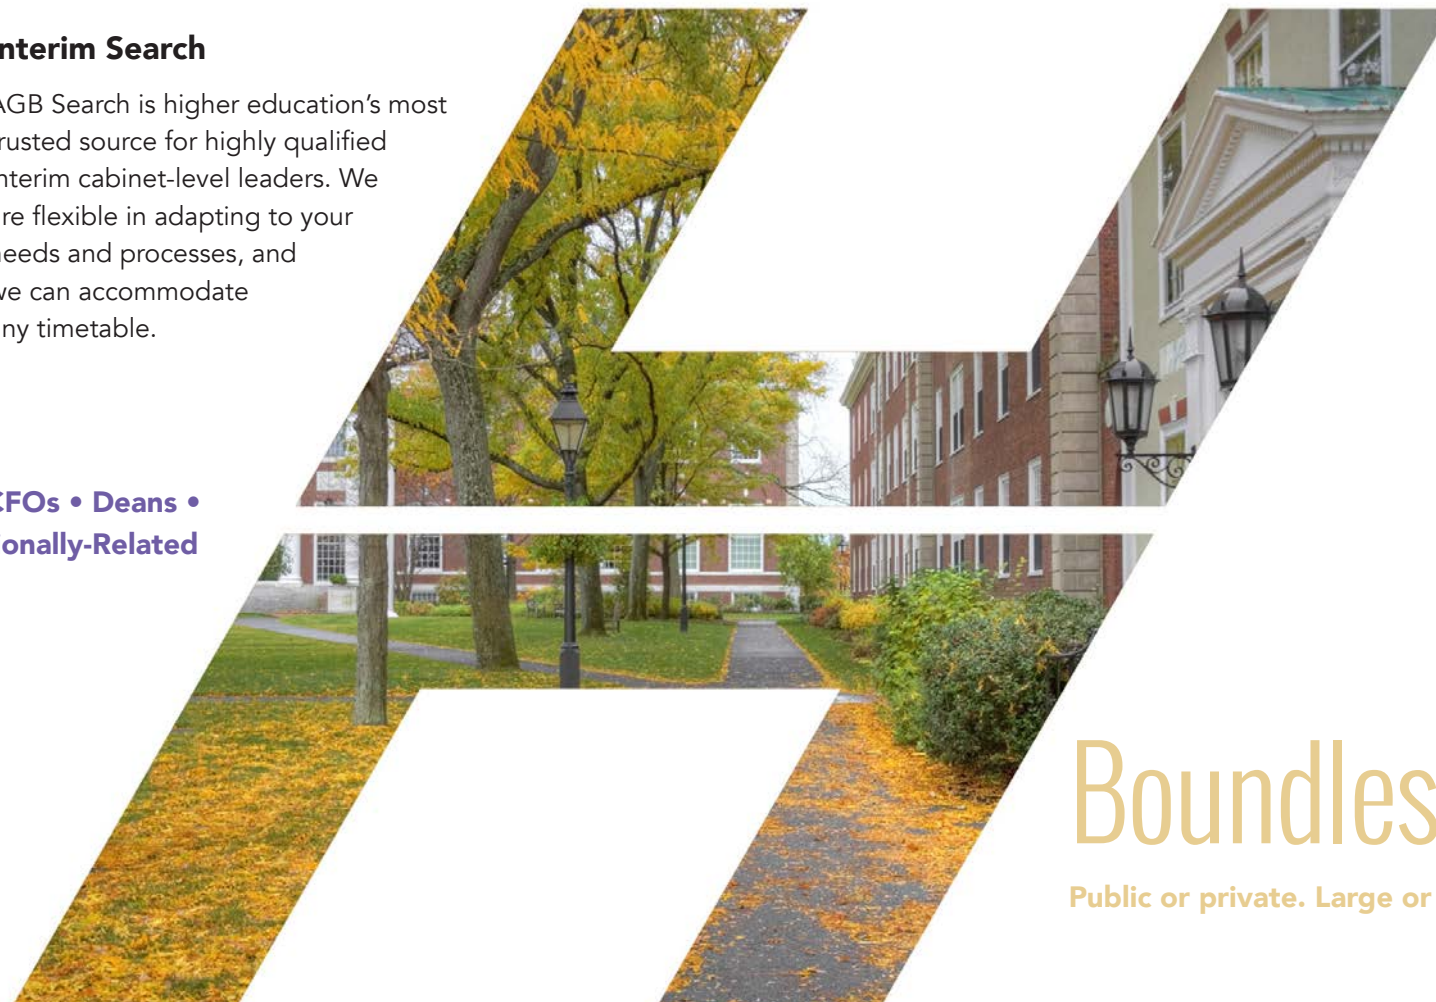

AGB Search strives to cultivate leaders to ensure the industry has experienced, diverse, well-rounded professionals moving up the ranks.

## Trusted.

AGB Search consultants build relationships that foster integrity and confidence.

## Boundless.

Public or private. Large or small.
